

Treasure Village Montessori School

Minutes-SAC Meeting

October 29, 2020

Attending: Principal Kelly Mangel and SAC Chair Maureen McDonough

It was decided that for the foreseeable future SAC meetings would be integrated into the regular TVM Board of Directors monthly meetings. A member of the TVM leadership team and the SAC chair will lead a conversation centered on a specific topic. The conversation will immediately follow the public comment portion of the BOD meeting and will allow any interested community member to participate via zoom.

November's conversation topic: COVID-19. How effective are the steps currently in place to deal with the challenges presented by the pandemic and what steps might be considered to improve wherever possible.

Maureen reported on the exit surveys she conducted. Three families contacted and one responded that their decision to place their child in another school was not due to any dissatisfaction with TVM but because of their home's location which is quite far from TVM.

Respectfully submitted,

Maureen L. McDonough, Ph.D
